

Laboratory Technician Traineeship FIFO Role at Beverley Mine To commence 2025

We are excited to offer an incredible opportunity for an Adnyamathanha person to embark on a two-year traineeship to become a qualified Laboratory Technician. During this time, you will work hands-on as a Laboratory Assistant at our Beverley mining operation, gaining valuable practical experience while pursuing formal education.

The ideal candidate will have strong literacy and numeracy skills, equivalent to at least Year 12, as well as a genuine passion for science or technical disciplines. We're looking for someone who demonstrates keen attention to detail, a solid work ethic, and a positive, enthusiastic attitude.

As part of the traineeship, you will complete a Certificate III in Laboratory Skills through TAFE SA. This course will commence in 2025 and will include a combination of in-class and online learning, ensuring you gain both theoretical knowledge and practical skills.

If this opportunity excites you and you're ready to take the first step toward a career in laboratory science, we encourage you to express your interest!
