## Message from the Special Administrator

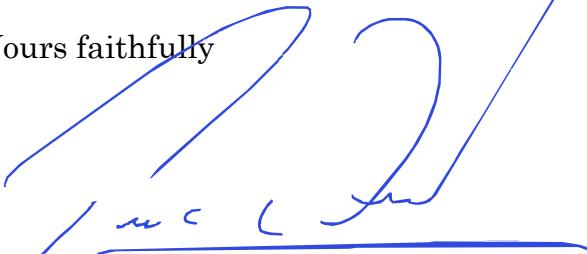

In my last community notice circulated on 22 August 2025, I advised that the Inspector appointed by the Court to investigate the administration of the Adnyamathanha Master Trust by Rangelea—including any distribution to and use by the Sub-Groups—would deliver his final report by 21 November 2025.

The Inspector has recently notified the Court and the parties that the final report will be delayed.

There is a hearing next Tuesday, 25 November, concerning the Inspector's report, at which further orders will be made. We plan to seek orders to set a new deadline for the report (likely early 2026) and for the inspector's reports to be made available for circulation to all Adnyamathanha Common Law Holders. I will update you once the orders have been issued.

Compensation money (85%) will remain with the SA Supreme Court until the investigation by the Inspector is completed.

Yours faithfully

Peter McQuoid 18 November 2025
